SKI TV Partners with Monte Carlo Digital Television to Launch Global Streaming Platform at MIPCOM 2026

Gold Coast, Queensland, Australia – Diamond Media Group has announced a strategic technology partnership with Monte Carlo Digital Television, marking a major milestone in the global expansion of SKI TV.

Monte Carlo Digital Television has developed SKI TV's digital playout and distribution system, allowing the channel to be viewed on Smart TVs, phones, tablets, PCs and other connected devices worldwide.

Diamond Media Group and Monte Carlo Digital Television plan to officially launch the new distribution platform during MIPCOM 2026 in Cannes, France, in October 2026.

Quote:

"This partnership represents an exciting step forward for SKI TV and creates a truly global television service that can be viewed on virtually any connected device." – Geoff Harrison
