PRESS RELEASE | FOR IMMEDIATE RELEASE

Rudolf Buitendach Officially Attached as Director of *The Pensioner Gang Movie*

Feature film based on true events, with a novel published on Amazon, advances towards planned production in London and Amsterdam in April/May 2027.

GOLD COAST, AUSTRALIA — October 2026

The Pensioner Gang Movie, a feature film based on true events and developed from a story already published as a novel on Amazon, has officially attached internationally experienced filmmaker **Rudolf Buitendach as Director**. The production is in pre-production, with principal photography planned for **April/May 2027 in London and Amsterdam**. The project is being developed by writer and producer Geoffrey Harrison under Diamond Film Productions / Diamond Media Group.

A story based on true events

At the heart of *The Pensioner Gang* is a story inspired by real events, bringing an unusual and compelling perspective to the feature-film project. The story has already been developed into a published novel, available through Amazon, providing an established literary foundation as the project progresses towards screen production.

Set in 2008, the film is being developed as a crime drama/thriller unfolding in London and Amsterdam. Its true-event origins and existing novel provide additional context for the project as it enters the next stage of development, financing and production planning.

Rudolf Buitendach: An International Feature-Film Director

Rudolf Buitendach is a South African-born film director, editor, writer and producer whose career spans independent feature films, documentaries, short films and international post-production.

- ***Dark Hearts*** — a psychological drama/thriller released on Showtime in 2014, starring Lucas Till, Kyle Schmid and Goran Višnji■.
- ***Where the Road Runs Out*** — a 2014 feature starring Isaach De Bankolé, Juliet Landau and Stelio Savante. The first ever feature film to shoot in Equatorial Guinea, the film won the Grand Jury Award for Best Film at the 2014 San Diego International Film Festival and a Black Reel award. Buitendach also worked on the film as a producer and editor.
- ***Apartment 407*** — originally titled *Selling Isobel*, this 2016 feature was based on true events and explored human trafficking. It won over a dozen international awards.
- ***Hex*** — a supernatural horror film shot in Cambodia and released theatrically in 2018, for which Buitendach also served as co-writer.

His directing work also includes short films and documentary projects, including *The Gooner Review*, which followed Arsenal Football Club over a season.

Alongside directing, Buitendach has developed substantial experience in film editing and post-production. After moving to London, he worked on theatrical trailers for major studios and distributors, with projects associated with prominent international filmmakers. His wider credits include editing and executive-producing the Netflix feature *Angeliena* (2021), nominated for an African Academy award for editing, as well as editing the award-winning documentary *Medicine of the Wolf* (2015).

This combination of feature-film directing, international production, editing and post-production experience brings a broad technical and creative background to *The Pensioner Gang Movie*, on which Buitendach is now officially attached as director.

Writer and Producer Welcomes Appointment

> *"I am absolutely thrilled that Rudolf has officially attached as director for The Pensioner Gang Movie. His vast experience in directing and producing both feature films and TV series will be invaluable for The Pensioner Gang Movie."*

Geoffrey Harrison
Writer and Producer

Harrison has an extensive background in media, television, radio and film production. He is developing the project with the aim of bringing the story from its published form to the screen.

Moving Towards Production

With Rudolf Buitendach officially attached as director, the project is progressing through pre-production, with financing, co-production and distribution discussions forming part of the development strategy.

The proposed production budget is capped at **€5 million**, with filming planned in London and Amsterdam in April/May 2027.

The production welcomes enquiries from potential investors, co-production partners, distributors and other industry professionals interested in the project.
